

Riddle

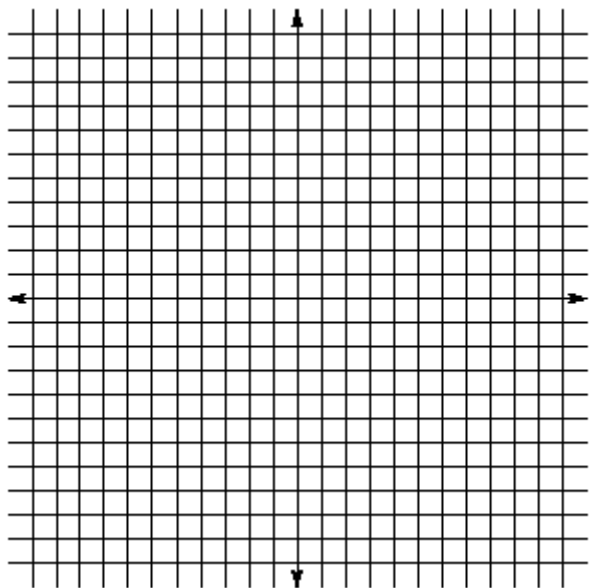

NAME: _____

Algebra 2

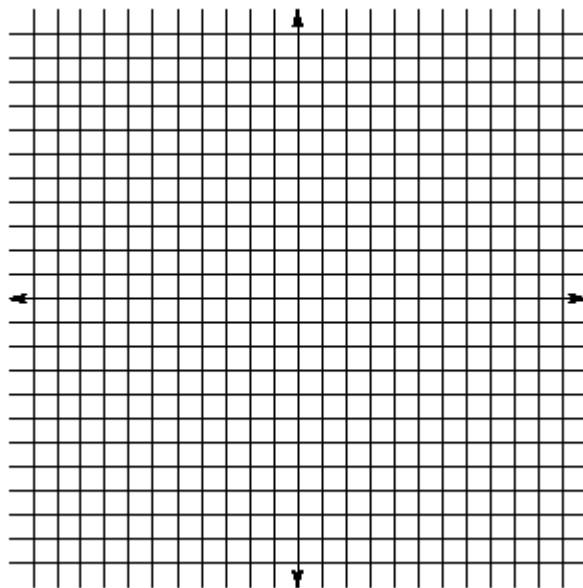

Solving Quadratic Equations by Graphing

Graph the following quadratics, then write the solutions to the equation. (Remember there have to be 2 solutions!)

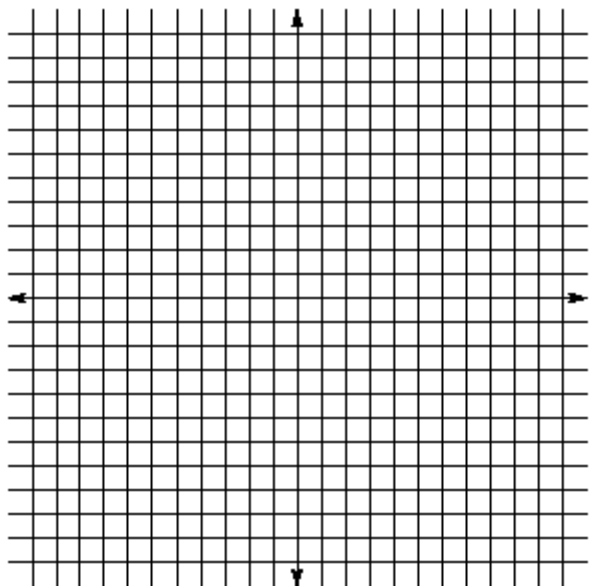

1. $x^2 + 3 = 0$

2. $(x - 4)^2 = 0$

3. $-x^2 + 4 = 0$

4. $(x + 2)^2 - 1 = 0$
